

Professional Qualification in COMMUNITY DEVELOPMENT MANAGEMENT

Level 6 Diploma

Unit 4 - Reflective Practice

Question 1

- (a) **Describe** how to use 'double loop learning' for problem solving in a community development organisation. (6 marks)
- (b) **Explain** the strengths and limitations of 'single loop learning' for reflective practice. (14 marks)

Question 2

Explain how reflective practice maintains and improves the professional standards of community development professionals. (20 marks)

Question 3

Explain why critical thinking is important in social work. (20 marks)

Question 4

Describe the main characteristics of a discourse community. (20 marks)

Question 5

You are working as a community development manager in an African indigenous community. The programme aims to use traditional knowledge and culture to respond to climate change and increase community resilience.

Explain how you will identify the cultural traits of the community and incorporate these traits into the planning of the project. (20 marks)
